New Service Plans terms and conditions:

- One-time Activation Fee: \$50 (for all plans)
- Early Termination fee: \$ 150.00 only applicable during first 30 days upon purchase of service plan
- Minimum contract term: 12 months subscription (except for short-term service plans)
- Users may switch plans each month (except for short-term service plans)
- SMS failovers included for GPRS coverage service gaps

New and Improved GPSSTPro tracker is completely self contained, low cost and easy to install. Once activated this device is simple to use. The unit can be placed inside the vehicle under the seat, inside a glove compartment, trunk or other numerous locations. Just place the GPSSTPro in the vehicle you wish to track, go to the website from any internet capable computer and a detailed map with tracking information appears showing you time, speed of vehicle, street address and last stop. Web Access Plans are economical and flexible. Bundle plans began at only \$14.95.
