LawMate Smartwatch Style DVR (Item: DVR267)

How cool is this? A smartwatch style video camera that can record video in any situation! Just push the button and start recording, when you're done just push the button again to stop recording. All of your recordings are stored right on the micro SD card for playback.

Features:

Looks just like the latest Smartwatch style, but its all about the video!

- 720P HD recording
- One button to start recording
- Know you are recording with specially designed icons only you would recognize
- 80 minutes of continuous video recording
- Functional as a watch (no Smartwatch features)
- Sleek body worn DVR system
- LawMate #PVWT10
