## 360 Degree Wi-Fi Camera (Item: WF1130)

It's all about the view. With this HD Wi-Fi capable camera, you can see a 360° view of the room, allowing you to see angles you couldn't see before. Because it has Wi-Fi built in, you can access the video feed live from anywhere on any smart phone or tablet. Simply download the provided app, connect to a Wi-Fi server and start watching. Super simple to mount and operate.

### Features:

**You can catch more with the 360° angle of view through this fisheye lens!**

- View on your mobile device from anyway via free app
- Easy and quick set up
- LED for night vision
- App notifies when there is activity using push notification
- Stores video on a memory card up to 128GB
- Hear what's going on with the built in microphone
- HD Video for great video quality
- Password protected
- Add as many cameras as you need and view in on app
- Use as an alarm with built in horn to scare away unwanted intruders
- Hardwired for uninterrupted power

**Best uses: for any room or office you need long term wide view video surveillance.**
