Bluetooth Speaker Hidden Camera (Item: DVR278WF)

LawMate is ready with the next generation of hidden cameras. The DVR278WF is a compact, portable hidden camera designed to look and function as a Bluetooth speaker. It seamlessly camouflages into any environment. The LawMate covert Bluetooth Speaker Hidden Camera is a 3 in 1 device: use it as a camera, video recording device and/or Bluetooth speaker, all while controlling it on a smart device. This covert Bluetooth Speaker camera is Wi-Fi enabled and IP based which can be remotely accessed and viewed with the PV Cam Viewer App on any smart device as well as recording directly to a memory card to avoid being hacked.

Features:

Designed for any environment and powered by an AC outlet or battery. For optimal battery usage avoid using Bluetooth functions during operation, reducing the video quality can also help with longer record time. For around-the-clock recording and reviewing live footage plug the hidden camera into an AC outlet.
