We have seamlessly designed this easy to use touch screen DVR and camera system with an on board menu, so don't bother with the settings or figuring out how to use it. Place the camera in a desired location, pick a button, use the DVR to record, stop when finished and then review footage. This can hold up to 32GB in storage, to collect multiple recordings in 1080P resolution. Our DVR is complete with a rechargeable battery, so don't worry about finding those AA batteries! Our system is compatible with both Mac & Window users, so anyone can use it.

DVR/Camera Best Uses: Law Enforcement Investigations, Loss Prevention, short term surveillance, retail secret shoppers, body worn covert surveillance, sporting events, point of view surveillance & undercover journalism.
