(Item: SG Home DVR)

SG Home Hidden Cameras: the Future of Home Automation.

- Set-up is a breeze with our SG Home app
- Now you can view your recorded video right from the SG home app
- Reduce false alerts using PIR to detect the activity you really need to record
- Push notifications alert you of any activity right on your smart device
- All of our cameras have live remote viewing whether they are battery operated or electric
- Hidden SSID (the camera's id) makes the camera undetectable on your network
- Our IRs are high power making them ten times better than traditional IRs (**only in certain models**)
- Includes a 32GB memory card giving you 32 hours of recorded video
- Never worry about someone viewing your cameras our SG Home APP has a Login screen for security

Professional Uses: Perfect for camera installers for heavy traffic areas, Law enforcement, and Loss Prevention managers

Personal Uses: Watch your child's caregiver, check on your business security, know when the kids come home from school, and see what your pet is up too from the other side of the world.

Crafted in America with over 20 years of experience of innovation in building hidden cameras. Rest assured you get the best with KJB Security Products non-stop customer service and tech support.
