(Item: 4K DVRs)

Xtreme life DVR hidden cameras are now equipped for up to 4K crystal clear resolution and have a new lower price. Better quality = better value!

We named this hidden camera line Xtreme Life for a reason. These HD hidden cameras are equipped with a built-in battery capable of recording 16 straight hours of activity or holding a charge in standby mode for up to 90 days. Plus, with 4K resolution this is about as real-time video as you can get.

Free from wires, Xtreme Life hidden cameras come in a variety of designs for home and business security and offer the flexibility suited for both indoor and outdoor surveillance. Built-in recording provides portable HD video inside of every Xtreme Life DVR system. Select models are supported by the added benefit of night vision recordings.

- Easy HD Video Playback Now Capable of Playback on Windows, Apple, Android and Other Platforms
- 1 Year Manufacturer's Warranty

Xtreme Live hidden cameras are recommended for battery operated, longer life security needs. Use these cameras for night or day, indoor or outdoor security for your home or business.

Integrate security into your business' bottom line using Xtreme Life hidden cameras. Evidence collection is easier and faster with hidden cameras as most perpetrators won't change their behavior if they can't easily detect the camera. Perfect for monitoring the employee parking area, or longer-term office security needs, inside or outside of the office or building.

Xtreme life is also recommended for long-term home and personal security use. Use around your exterior perimeter or fence line to protect your property. Or use for extended and low-cost interior surveillance of your home or personal property.
