

# Cameras and DVRs

## Neck Tie Covert Camera (Item: C1174)

This cleverly designed hidden camera is disguised as a common neck tie. The camera is secretly mounted within the tie and can be easily recorded through a tiny pinhole to a handheld DVR.

### Features:

#### Suit Up and Go Undercover!

- This hardwired camera is adaptable to different DVRs for different occasions
- Nothings suits professional undercover needs better
- Nearly all of KJB's handheld DVR's link to the tie camera
- Only a single wire is needed to provide video from and power to the camera
- Clear, low light image capability separate this tie from others on the rack
- Best uses: Law enforcement, Private investigation, and more

### Tech Specs:

- 450 TV lines
- Interline CCD image sensor
- 0.2 LUX
- 4.3 mm lens
- 80 degree field of view

### Includes:

- Tie with hidden CCD camera
