Druid Noise Generator (Item: NG5000)

Conceptually unique, the Druid succeeds where complicated eavesdrop countering devices fail. The NG5000 eliminates the expensive bug sweeping services; it eliminates complicated installation of sound masking systems, and provides the sanctity needed for your most confidential boardroom conversations.

Features:

Professional system for protecting speech between up to 6 persons

Protects against all known methods of listening, including all types of radio microphones, stethoscopes, voice recorders, passive resonators, wired microphones, etc.

The system uses usual multimedia headsets. 4 headsets PLANTRONICS AUDIO 355 included in the standard set

Absolutely harmless to your health: no microwave reflections or ultrahigh sound noise

Compared to a white-noise generator the DRUID provides a much higher level of protection.

The system is portable: supplied in a plastic carry-case it can be easily prepared for use.

Powered from an internal rechargeable battery the DRUID D-06 can work for up to 4 hours without mains supply

The system can be used in any situation, it is especially valuable when conducting highly important negotiations in an unknown environment
